

FutureAge Care

Operating since 2005, FutureAge Care is a Christian-based organisation providing a range of services for residential aged care and adult healthcare providers. Services include multisensory enrichment programs and wellbeing activities for high care client needs, pastoral care, consultancy and training solutions for healthcare staff.

Our areas of specific experience include residents living with moderate to advanced dementia, clients with behavioural symptoms, adults with a multiple disability diagnosis and adults with a traumatic brain injury.

Our therapies are designed to optimise a range of benefits and experiences for clients, such as human interactions and life engagement, relaxation, pain intervention, sensory enrichment and to help alleviate depression and long-term isolation.
